A letter of Appreciation

As all of you know, we are new in scanlating scene and we are struggling to give you the best possible Manga Scans, that we all love and cherish.

This page is Dedicated to our Translator of Big Order Katsudon for being so kind and being so helpful to us even in small things.
As I experienced it myself,
Seldom I see a translator who is very approachable and is willing to help a scanlation team such as our group, who is a noobie on this scene. and often times rejected by translators who we ask for even a small amount of spare time for them to translate to us.

In behalf of Pinoymanga Scans we salute you Katsudon for your time and effort in this Project - Big Order.

Thanks and be Well.
